

Updated NEBB Certified Technician Continuing Education Credit (CEC) Policy, due to Covid-19, effective August 1, 2020

For the 2021 and 2022 recertification cycles, NEBB Certified Technicians are required to submit 3 hours of continuing education credits, in addition to paying annual fees, to maintain their certification(s) by December 31.

- An individual can upload their CECs anytime for their two-year cycle, but will be able SUBMIT to NEBB on August 1, xxxx.
- A minimum of 1.5 of the 3 CECs must be from NEBB sponsored events.
- CECs cannot be carried over into the next certification cycle.
 - CEC verification documentation must be uploaded to the individual's online profile in Certelligence on or before December 31, xxxx. Acceptable verification documentation includes a certificate of attendance, letter of attendance, transcripts, course details (including dates, times and content), and formal letter of completion.
- CECs earned after the December 31, xxxx deadline will not be accepted for that cycle. Please make sure to earn your CECs within your two-year cycle to be accepted.

Individuals requesting OTHER for Non-NEBB submissions:

- Individuals can submit a pre-approval request on behalf of themselves to the NEBB Executive Vice President for non-NEBB alternative industry training taken. Contact certification@nebb.org for more details.
- Certificants will be notified regarding acceptance or denial of pre-approved submissions within two weeks of their submission.

Examples of acceptable NEBB CECs:

- NEBB Annual Conference
- Chapter Recertification Seminar
- NEBB Discipline Seminars
- ASHRAE e-Learning Courses
- NEBB Webinars
- New NEBB Certifications

Examples of non-NEBB CECs that require prior approval:

- Events from other industry-related professional organizations
- Leadership and Governance (NEBB committee and Leadership participation)
- Speaking/Articles/Technical Writings
- Trade Organization Sponsored Training
