5. By signing below, I certify that:

If elected as an Organizational Member of any NEBB Standard Committee or appointed as a consultant to such committee I state that I intend to make and will make contributions with others members of such committee that will be merged into inseparable or interdependent parts of a unitary work or works. To facilitate the creation of such work or works, I acknowledge and agree that my contributions and any resulting work or works constitute and are to be considered works made for hire. To any extent that my contributions or the resulting work or works are not considered a work made for hire, I hereby assign to NEBB all right, title and interest to all said contributions and all said resulting works. I understand and agree that I acquire no rights in the resulting work or works, whether published or unpublished. I attest that I have the authority and am empowered to grant the foregoing and within rights to NEBB.

I am authorized to commit that my organization agrees to the following:

- a) an intent to participate in a constructive way to achieve the Title, Purpose, and Scope of the standard;
- b) to provide an individual with appropriate technical or scientific qualifications to serve as their representative;
- c) to encourage the constituency of the organization to provide input and comments to the organization's representative;
- d) to provide feedback to the constituency of the organization on the disposition of input and comments submitted by the organization's representative;
- e) to not expect any financial support from NEBB for expenses related to participation in the activities of the Committee.

Changes in Employment or Funding – NEBB Standard Committee members shall notify the NEBB Secretariat of any changes in employment or funding support, which affect representation. If continued membership on the NEBB standards committee is desired, the committee member shall submit a new application.

Interest Categories – All members of the NEBB Standards Committees shall be classified by the NEBB Board of Directors as Provider, Users or General Interest representatives in accordance with the following definitions:

(1) Provider – An individual employed by or otherwise representing an organization that provides building systems testing and analysis services shall be classified as a Provider.

(2) User – An individual employed by or otherwise representing an organization that purchases, uses, or specifies building systems testing and analysis services shall be classified as a User. This category includes, but is not limited to, design engineers, architects, owners, builders, and mechanical contractors.

(3) General Interest – General Interest members are neither Providers nor Users. This category includes, but is not limited to, educators, researchers, representatives of regulatory agencies, representatives of industry organizations, and manufacturers of related products.
