 - Individuals wishing to refresh or advance their understanding of Cleanroom Performance
-

Location:

Robert B. Gawne NEBB Training and Education Center
8575 Grovemont Circle
Gaithersburg, MD 20877

Registration Deadline:
July 26, 2024

Our COVID-19 Response Plan

Considering COVID-19, NEBB has taken several proactive steps to help ensure the health and safety of our attendees and instructors. Precautions such as constant sanitization of the seminar area, increased attention to high-touch areas in the rooms, limits on the number of attendees during the seminar, and protective gear for our instructors are in place. NEBB also will be practicing social distancing and maintaining 6 feet apart.

Our COVID-19 Response Plan

- If you are experiencing any symptoms of COVID-19 like running a fever, coughing, or shortness of breath, please do not attend the seminar.
- You have been exposed to someone who has tested positive for COVID-19 in the last 14 days.
- You have a compromised immune system or are considered “high risk.”
- Wearing a mask is requested during the seminar and gloves can be worn if desired.
- Sanitize hands prior to entering the seminar location.
- Avoid shaking hands or engaging in any unnecessary physical contact.
- Signing a waiver prior to the seminar

Seminar Instructors:

Patrick Law

Patrick Law is founder and past owner of a cleanroom certification company (HEPATEST, Inc.) with over 30 years of experience in performance testing and certifying cleanrooms. He serves in the Cleanroom Performance Testing discipline committee and member of the NEBB Board of Directors. He has taught numerous seminars and helped develop NEBB's cleanroom programs and cleanroom standards. Patrick is very active in other industry organizations such as IEST, ISPE, and CETA.

Tiffany Russell

Tiffany Russell is founder and owner of VTG, LLC located in the Pacific Northwest. She is the current NEBB Chair for the Cleanroom Performance Testing discipline committee. Within NEBB she is a CPT Certified Professional, appointed, and is a Certified Professional in Sound Measurement. With over 22 years of industry experience, she has traveled the world supporting customers and is a member of other industries and organizations promoting critical environment testing such as IES, IEST, and CETA.

About This Seminar:

Cleanroom testing must be performed to ensure that cleanrooms comply with design and performance criteria. Typically done by third-party professionals, cleanroom testing identifies deficiencies and conformity to cleanroom testing standards and documents. This practice helps owners to verify system performance and ensure regulatory compliance.

NEBB cleanroom Certified Firms require instruments to perform testing and at least one CPT Certified Professional who conducts cleanroom performance testing in accordance with the NEBB Procedural Standards for Certified of Testing Cleanrooms. The Cleanroom Performance Testing Seminar provides practical instruction needed for this specialized discipline. Attendees will learn from professional presentations, class lessons, and interactive discussions.

Learning Objectives

- Understand the NEBB Procedural Standards for Certified Performance Testing of Cleanrooms
- Learn best practices for certified testing of cleanrooms in healthcare, pharmaceuticals, microelectronics, and other environments.
- Review critical guides, standards, and codes for cleanroom testing.
- Analyze case studies focusing on real-life scenarios and solutions.

Seminar Topic Overview

- Air Velocity and Volume testing
- Room Classification and Standards
- Room Pressurization
- Leak Testing HEPA Filters using a Photometer
- Leak Testing HEPA Filters using a Particle Counter
- Optional Secondary Cleanroom Test
- Cleanroom Protocol and cGMP
- Report Review
- SOP and SOP Generation

This Seminar has been approved for
18.50 Continued Education Credits
